Hello Taylor,

Thank you for your time and insights this morning. It was a fruitful meeting.

Attached is the proposed letter.

- (1) Please give us any comments, and
- (2) shall we mail it? And / or send by email?

We intend to email to

Fred

Hi Taylor,

Apparently I saved the letter to the Mayor in a format some could not open.

It is attached to this email as a pdf file. Please answer the questions in the following 2 emails.

We leave 12/24 for a week. I would like to get this out before then.

Thank you for all your assistance in moving this forward.

Hello Taylor,

The following is a suggestion from one of our board members.

When the Mayor sees the proposed estimate I question whether it will get funded. I wonder if we should say that repairs could be accomplished in stages so as to keep the costs manageable in the coming fiscal year?

Please take a look and let me know if in your view it should be added to the letter.

Thank you.

I agree with the stages - we want to suggest up front that there is a clear way for partial funding.

GREAT LETTER! We definitely want to make sure MPCC has one too and... if we can get the ball rolling at the VNC that would be good too. Maybe George Francisco wants to take it up via the neighborhood committee.

My only suggested edits are:

- First paragraph

- "a pedestrian bridge crossing the **Grand Canal...**"
- Second paragraph
 - remove "a distance of more than one mile" - I know that was my line but in reading it I feel like it minimizes the importance since half a mile doesn't sound very far in government terms.
- Third paragraph
 - add "has fallen into sever disrepair, **after half a century of use,**" - I don't actually know its age but if we can make it sound like it is way over due for attention and imply that this project is good for half a century then it sounds like a smarter investment.

I would also suggest sending it to:

Miguel Sangalang, miguel.sangalang@lacity.org (head of the mayors budget team)

Greg Good, greg.good@lacity.org (top guy head of external affairs)

mayor.garcetti@lacity.org (can't hurt)

To: George Francisco <gianfrancisco@hotmail.com>

The Silver Strand homeowners association and the Marina Peninsula association are sending a letter to the **Mayor's** office to advocate for budget to repair the lighthouse bridge. I mentioned you in the email, it might be helpful if there was a VNC resolution of support directed to the **Mayor**. We want to pressure them into including this in their budget.

Also, they definitely don't know i'm involved so don't mention it to any of them ;)

The mayor's email is filtered through staff.

BCC me but don't CC staff. We don't want them to point to their councilmember to solve it which is their favorite tactic.

I talked to George and he said he will run the resolution through the neighborhood committee next week!

Hi Martha:

Congrats to George for producing another fabulous community event! And thank you to CD11 for helping to make this possible.

What do we need to do to get the ball rolling for the \$2500 grant in support of the 2018 event? I'm hoping for a simplified process.

I look forward to receiving your update.

Thank you,

Taylor Bazley <taylor.bazley@lacity.org>

Happy New Year amigo!

Can you please - at your leisure - resend me the Street Vending Ordinance.

I have a question about if there is some protection for community events such as I produce on the regular. If not, I would like to work with you to have the Ordinance amended to include such.

I foresee Xmas Sign Lighting absolutely swamped by push cart vendors selling ptomaine-inducing tacos while I am making sponsors donate and give stuff away...if that happens, it won't be in the spirit of the holiday at all and will basically end it. Same with Taste of Venice where I am charging local restaurants to get together to sell food - all of a sudden the pushcart remoras show up just outside my street closure and boom - why pay for the participant-locals food??

You see where I am going of course. So let me know if you are aware of such a protection and if you believe it is strong enough.

Personally, I am advocating for a 500 ft minimum zone around any street closure or community event that strictly prohibits street vending. I need cops to have some tool to get rid of the oncoming assault

Please advise.

Cheers cowboy.

Happy New Year to you too!

Good news - your recommendation is already 100% consistent with the rules and regulations which you can read here. Rule 2 subsection J " Distance from permitted activities including but not limited to construction related street or lane closures, special events, swap meets, filming, and farmer's markets shall be no less than 500 feet any boundary line of the permitted activity"

Wed, Feb 6, 2019 at 10:21 AM

Ola mi amigo -

The liquor store across the street owned by my friend finally got thru the insane city approval process to have a fresh sandwich counter inside and is starting to upgrade its amenities and food selection.

He has long been in the queue for a bike corral.

See below - any chance we can get them to bump up his install so he can get a full summer season of benefit?

Figured it is worth asking.

Cheers

I'm looping in Jessica and Taylor who are the field deputies for the respective projects. March 15 seems like a tight turnaround. Were the applicants aware of this deadline before today?

Also would the Trading Post bike corral affect any existing parking spots?

Best,
Alek

On Fri, Mar 1, 2019 at 3:24 PM Kevin Ocubillo <Kevin.Ocubillo@lacity.org> wrote:
Hi Hannah and Alek!

You may recall LADOT issued a city-wide call for People St projects from December 3rd, 2018 to February 8th, 2019. For this application cycle, LADOT aims to build one People St project in each Council District. We received a tremendous response from the call, including ten applications from your District. We reviewed each application and approved the following to continue to the next round of vetting.

1. Gregory Ericksen, West LA Community Coalition - Intersection Mural at Mississippi and Sawtell
2. Steve Yoon, Trading Post Liquor - Bike Coral at 1313 Main St.

The applicant for the intersection mural is now responsible for conducting community outreach **by March 15th** in order to be considered for the final round. As part of the outreach effort, they will be reaching out to your office requesting a **Letter of Acknowledgement**. We've attached Letter templates to this email to streamline the process.

If you have any questions or concerns, please do not hesitate to reach out.

Regards,

—

Hi Alek,

Yes, we let them know last week. From what I understand [redacted] has already been in touch with Hannah and Jessica about securing the letter. He's also been in touch with the NC and plans to present to a subcommittee before the deadline which satisfies LADOT's NC outreach requirement. He mentioned one hurdle they're trying to clear is raising funds to help compensate the artist they're looking to work with.

[redacted]'s bike corral application doesn't need any further outreach. We're looking at placement of the bike corral. There are two possible locations - one on [redacted] and one on [redacted]. Both would involve the loss of at least one parking space.

Metro Bike Share Options

1 message

George Francisco <gianfrancisco@hotmail.com>

Mon, Nov 19, 2018 at 3:21 PM

To: Taylor Bazley <taylor.bazley@lacity.org>

Hey amigo -

I finally got a chance to read the pricing options for Metro - we def don't want Option 1.

But I have a question on Option 2 - it says they store the bikes on site ...Does that mean they take the bikes from the station and put them in a van and wait till the event is over and replace them?? Cuz the first option is just shut down the station and leave bikes in the racks....

So I am confused.

If they will come, take the bikes off the rack so the sponsors have room, then I am good saving 400 bucks and going with that option (#2) otherwise, we need Option 3 - close rack, take bikes off site. Like I said, I am going to put a nice sign on the rack next week that it will be closed and when I get out there, cover the empty racks with nice colored garbage bags.

Please advise.

Thx

G

Hey George -

I wanted to help track down the design of Windward Circle to start the revitalization process - who at LASAN do you usually work with in regards to the circle? I imagine they are a no brainer place to start.

Best,

Taylor Bazley

Thu, Nov 15, 2018 at 11:56 AM

I know you just wanted factoids, but I took your text from last year and replaced stuff to tailor it for and The Police and then hit the items the publicist requested....

Are we going to be able to get the big shiny resolution like we did last year for ??

I will get you kids names and any other of the small certs we will need - prob 1 or 2 more
Thanks

Wed, Nov 14, 2018 at 5:47 PM

Hey Taylor, Alek -
Yes, option 1 was what we did last year - I think we all were unprepared because it was the first year with the station right there in the Windward. So this year, I will be prepared - I will be posting a sign on the station the Wed before the event saying it will be closed for an event and I have red and green garbage bags ready to cover the unused racks and when they take the bikes to cover those so people don't just keep coming up and jamming their bikes in the racks like they did last year... Did I add that there was the requisite amount of enraged Venetians about how dare we take away the bike station! Shocking

Alright - if we can't get it for free then we will just have to figure out how the expense folds into our top line sponsorship. I guess it all depends on how much the other government fees are shaping out to be.

-Taylor

Introduction / Venice Holiday Sign Lighting

7 messages

Taylor Bazley <taylor.bazley@lacity.org>

Fri, Sep 28, 2018 at 11:37 AM

To: ' >
<gianfrancisco@hotmail.com>

>, George Francisco

Hi

I wanted to make an introduction with George Francisco. George produced directly or been integral in all the biggest events in Venice - Day of the Doors, Flowerfest, Venice Pride, Hillfiger Fashion Event, the Today Show's recent filming, etc. He also serves as the President of the Chamber and the Vice President of the neighborhood council.

George is working on the production of the most beloved annual event in Venice - the Venice Holiday Sign Lighting where thousands come together for the most heart warming and fun community event you'll experience.

I'll let him take it from there and sufficient to say we vouch strongly that anything George is involved with is a smashing success - we usually give a large sponsorship for this event every year ourselves.

Warmest regards,
Taylor

Hi !

Taylor, as always, thank you so much for the kind words and e-intro.

, it would be great to have you as our exclusive sanitation partner at the level you all generously contributed to the Pride Sign Lighting.

Our Holiday event provides a great opportunity to engage a larger section of the local population and typically has the involvement of 50 Venice businesses as sponsors, so it seems like a perfect opportunity for Athens to get great visibility as a community partner and engage with your customers if you would like. It would be great to chat anytime, just let me know.

My cell is

The event is Dec 1, so we have decent lead time.

Many thanks for the consideration.

Best

G

Hi
Just checking up on the opportunity to have Athens as our Official Sanitation Partner for the Sign Lighting.
Please let me know or if you would like to hop on a call.
We usually have close to 10k people thru the event so the Athens branded refuse bins along with a table for community engagement and the ability to get to interact with many of your local business clients since we have over 50 local businesses at our "Community Level" might be a great thing for Athens.
Thanks so much.
Best

Hello, George,

My apologies for the late response – I have touched base with our budgeting department and unfortunately, we are not able to sponsor the upcoming Venice Holiday Sign Lighting. We do ask that you accept our apologies, and keep up in mind for future events.

Please also note, Athens Services has also accepted opportunities to table at events or meetings. We definitely want to be a partner with the business as we continue to transiton through the recycLA program. Please keep us in mind.

Best,

How do you want to handle since I applied for street closure it as Chamber not CD11?

Please check event at <http://specialevents.lacity.org/SpecialEvent/Details/9450>

Thx!

Taylor Bazley <taylor.bazley@lacity.org>
 To: Tricia Keane <Tricia.Keane@lacity.org>

Tue, Oct 23, 2018 at 3:34 PM

The Chamber is starting to organize the Holiday Sign Lighting per usual and I met with them to figure out the commitment they were expecting. As a refresher on the issue - two years ago we spent \$6k+ because we had a completely open ended commitment that stemmed from 's time where we promised to pay for the stage and all City fees; and last year I got them added to the Citywide event fund list but it was still chaotic and took them almost a year to get reimbursed.

I proposed a total City contribution of \$5k with \$1.25k estimated to come from the Citywide special event fund as reimbursement to half the City related fees meaning \$3.75k from our office which is less than our top donation to them but still on the high side. The next biggest sponsorship is a \$3.5k sponsorship which I think means that since we are always recognized as co producers (and Mike is the emcee) means that we are getting relative to other sponsors, a good deal.

Can I confirm that this will be our contribution going forward? The alternative would be to try and negotiate a lower sponsorship from our office and i'm not sure that will work. We put them through a lot of difficulty this last year to get their check and as the total event cost rises but our contribution has shrunk substantially in terms of percentage of total funding.

-Taylor

Hello

It's a pleasure to meet you. I am the President of the Venice Chamber of Commerce.

I have learned of your interest in Venice from my friends, the merchants and property owners of Windward Ave, the historic heart of Venice.

We appreciate the exciting opportunity you wish to bring to our neighborhood and welcome visitors from all over the world with open arms.

Speaking on behalf of the merchants and property owners of Windward, we feel that your event is best suited to Windward Plaza in the Venice Beach Rec Center area operated by LA Recs and Parks and have expressed this to our friends at Councilman Bonin's office.

Please understand that Venice Beach receives close to 10,000 visitors a day in the high summer months so restricting the street for an estimate of 3,000 ticketed attendees does not merit the high impact of a street closure and loss of over 40 public parking spots to the local businesses many of which are restaurants or bars . We wish you much success and should your event prove to draw an exceptional amount of attendees, I am sure the merchants would be willing to work on expanded plans should you chose to return to Venice.

If your success encourages you to return to Venice to host events in the future, all the merchants would appreciate knowing how you would utilize Windward Blvd in terms of barrier restrictions; clarity about the actual hours of closure for a complete understanding of the impact; and use of the formal Bureau of Street Services petition as opposed to email requests for approval; also an accurate use of the event address is always appreciated. (I have included on this email as you used his address as your event address in your BSS application.)

I hope you will find much success with your event in Venice at Windward Plaza.

G

Hello George -

Thank you for reaching out. We have come to the realization that Windward Plaza would be best for all parties. We respect the wishes of the merchants and property owners of Windward Ave. and we will pursue hosting our event in the plaza. Just to clarify on a few points you mentioned. We are not an enclosed festival and are completely open to the public to browse our activities and we never intended to close anything for pedestrians, in fact we were hoping to open the street more for the people. We indeed did use the proper channels of applying through the BSS and only sent three emails that were specifically requested after an in person visit with the petition the BSS provided. As for the address, the

agent assisting with our application required a physical street number knowing that we were not related to that physical address. We are sorry about the confusion and or if it seemed we were not following the proper channels of communication. The last thing we want is to disrupt or offend anyone. If we are able to proceed with our event at Windward Plaza, I do hope you would be able to join us and experience the cultural fun of the Gelato Festival.

Best Regards,

Hey Taylor:

Sorry to miss you at the VCC board of directors meeting this morning. Let me know if you have any news for me to share with our board.

Looking forward to seeing you next month! Remember, 2nd Thursday, 8:00 am at James Beach.

FYI - sending over the paperwork for the holiday sign lighting reimbursement today or tomorrow at the latest.

Best,

Taylor Bazley <taylor.bazley@lacity.org>

Sorry I missed it - I didn't forget - I was just working on some fires that morning. I'm also uncharacteristically missing the Venice BID Board this morning for similar reasons. I am seeking clarity on the GCP transfer - we can't do grants again if it takes 8 months to actually disperse. We are in complete agreeance.

To: Taylor Bazley <taylor.bazley@lacity.org>

FYI - after speaking with the guys on Windward and telling you how they felt, I was going to send this to the organizer and cc you.

Let me know your thoughts.

Hello

It's a pleasure to meet you. I am the President of the Venice Chamber of Commerce.

I have learned of your interest in Venice from my friends, the merchants and property owners of Windward Ave, the historic heart of Venice.

We appreciate the exciting opportunity you wish to bring to our neighborhood and welcome visitors from all over the world with open arms.

Speaking on behalf of the merchants and property owners of Windward, we feel that your event is best suited to Windward Plaza in the Venice Beach Rec Center area operated by LA Recs and Parks and have expressed this to our friends at Councilman Bonin's office.

Please understand that Venice Beach receives close to 10,000 visitors a day in the high summer months so restricting the street for an estimate of 3,000 ticketed attendees does not merit the high impact of a street closure and loss of over 40 public parking spots to local businesses. We wish you much success and should your event prove to draw attendees to create an exceptional atmosphere, I am sure the merchants would be willing to work on expanded plans should you chose to return to Venice.

If your success encourages you to return to Venice to host events in the future, all the merchants would appreciate knowing how you would utilize Windward Blvd in terms of barrier restrictions; clarity about

the actual hours of closure for a complete understanding of the impact; and use of the formal Bureau of Street Services petition as opposed to email requests for approval; also an accurate use of the event address is always appreciated. (I have included on this email as you used his address as your event address in your BSS application.)

I hope you will find much success with your event in Venice.

Hello

I am i writing from Gelato Festival America. We spoke briefly yesterday on the phone. We are a traveling event dedicated to spreading the culture and the joy of Italian artisan gelato.

For our second year in America, we are delighted to announce our plan to host one of our eight stages for 2018 in Los Angeles right here in Venice Beach. This festival brings the best gelato on the planet for the weekend of September 22nd and 23rd for a total of three thousand people over the course of the weekend. We'd be delighted to have your approval to bring all these people together for the most important event dedicated to Artisan Italian Gelato. We are requesting your permission to close Windward Ave. between and for vehicle traffic only starting 12pm - 8pm. The street will be left open for pedestrians without restriction, including browsing the festival. We will be taking great care not set up anything that will block or hinder businesses on the street. in fact we will be bringing to the area a great number of locals and tourists who may not usually visit the area potentially boosting business for all. We would also like to offer you and yours twenty five all-inclusive tickets to distribute to colleagues, friends and family as you see fit.

The mission of Gelato Festival America is to spread the culture of Artisan Italian Gelato through classes, demonstrations as well as fun activities for both adults and kids. It is also a challenge of Gelato Chefs that recognizes the greatest flavors through competition. Born in Florence, Italy, Gelato Festival is an all-star line up where the biggest names in Gelato making compete against one another with a one-time flavor they have created just for the festival. An all-inclusive entry to the festival where visitors become members of the panel of judges by voting for their favorite competing flavor. All flavors are one-time specialties created by skilled artisan gelato makers using only the freshest, most luscious ingredients. A selection of sponsored, classical flavors are also available for tastings.

I hope this email finds you well and that you will consider signing our petition. Please feel free to contact me anytime with any questions, comments or concerns.

Best Regards,

Taylor Bazley <taylor.bazley@lacity.org>

Here is the BSS special event link: <http://specialevents.lacity.org/SpecialEvent/Details/8434>

If people prefer this be pushed onto Windward Plaza that is something I am fine supporting - that sounds reasonable. This is the first i'm hearing about this event but I would be lying if I said I don't enjoy a good cup of gelato.

To: Taylor Bazley <taylor.bazley@lacity.org>

Sorry for taking a minute, but wanted to get some consensus -

Speaking on behalf of my friends, the merchants and property owners on Windward would prefer that the event take place in Windward Plaza - couple of reasons:

- we don't know these people, don't know if they can do what they say they can and to be honest 3000 people isn't worth closing the street for the weekend;
- they are a little sneaky with the failure to disclose the times of impact and instead try to slip by with just the event hours, plus they are basically doing it by cold email not face to face, a bad look to the merchants

If they event kicks ass and they do their outreach in person, then the guys are open to doing a street closure if they come back.

Thoughts?

Subject: Re: Venice Pride 2018 Invoice(s)

Once again, you do an excellent job of being a lighting accountant.

After getting a moment to look through your calculations, I cannot speak to where every single light was positioned but perhaps can. What I can tell you from reviewing your plot plan is you indicate that the trussing onstage is 5 ft, but all 4 truss towers onstage ... As I recall from being there and taking them all down... Were 10 ft towers... The street trusses, I believe were 10s with 5s bolted on.

Also, from your spreadsheet, leaving the truss aside, I think you have at issue 24 lights. Looking back over your calculations as best I can it appears that there is a discrepancy of 3566 dollars you feel you were overcharged. Your revised invoice total went from 19,942 go 12,076, so you may want to recheck your addition. I imagine you have thorough and extensive photographic proof of the lighting errors as well as your memory that you probably should share as well with and me since this exercise feels counterintuitive. Truth is, some lights might not have made it on trees do to space or decisions made by at the event. Those are his decisions to make as a professional retained to do a job. While you have every right to ask questions, your entire behavior post-show when you were so panicked because we had accounts receivable from sponsors that you couldnt even relate an expected timeline without me having to stop you multiple times in order to have any audible clarity and understand whzt you were saying about the cash flow. To be honest, I still do not know the entirety of yourbfundraise. But to be frank, I truly do not want to. Sadly, this episode is yet the most troubling example of your erratic behavior and ad hominen attacks on people dating back several years: from the first lady at Beaches and Harbors who would not approve the initial request for a rainbow lifeguard tower, to our first meeting with from Birdcage, to anything to do with , to now .

We have accomplished things I am extremely proud of in tandem and in furtherance of a more just and equal world. I like to think I had a role to play in them. Sadly, this had become an untenable situation for me. You indicated the same in an email to me as well, however, since you are the one constant in all these turmoils, that doesnt seem credible. So I will be resigning from the Board based on my inability to continue our working relationship on the trajectory you have established. I wish you well and have a deep reservoir of personal affection and love for you.

I hope you cime to your senses and comport yourself and the organization in a professionak manner and pay its agreed upon obligations.

Hi

I hope the shows you executed went well this weekend. Since your schedule was fully booked and you were unable to meet with and I in person, I decided it would be in the interests of everyone's time if I prepared and presented the discrepancies in an alternative format.

Part visual, part interactive the attached Truss & Lighting Map of this year's Venice Pride Sign Lighting & Block Party addresses both the discrepancies found in the revised 5/31/18 invoice you electronically sent me on June 14, 2018 and the original 5/31/18 invoice we agreed upon.

Please complete the visual inventory exercise contained in the attachment and then either save the PDF and reply with it as an attachment or type the answers to your visual inventory in the body of your reply email. If the quantity of an item in your visual inventory does not match the quantity in the original 5/31/18 invoice we agreed upon, provide a descriptive explanation as to the place on the map where the additional lighting equipment billed to Venice Pride was located.

If at all possible, I would request you complete the visual inventory and reply with your answers and any applicable explanations this afternoon. Venice Pride has a board meeting at 6:30 p.m. today and the information you provide will be most helpful in guiding our next steps.

Thank you for your time and attention and I look forward to hearing back from you.

Sincerely,

On Jun 15, 2018, at 4:14 PM, " " < " > wrote:

Why are we having to go back-and-forth on this? You agreed to the original invoice before the event even happened.

Why are you going back on your word?

I do not know why you want to cause so much stress and discrepancies over a budget that was already agreed-upon.

It is like me going to a restaurant ordering the whole menu and just offering to pay them half.

Do not know anyone in this business that does something like that??

You are the only one.

I do not have time to sit down to have a meeting especially since I have so many other shows to execute for this weekend.
You should definitely pay the invoice since it is well overdue without any conflicts especially since the numbers were given to you pre-event and was agreed-upon well before the event even happened.

Thank you,

On Jun 15, 2018, at 4:02 PM,

<[redacted]> wrote:

Hi

We appreciate all you do for us. You're in business. I get that.
and I have had a pretty long run with you dating back to the first holiday sign lighting with [redacted] in 2012.

I understand you are a busy guy and mistakes get made, but the revised invoice you submitted electronically yesterday had discrepancies in it that raised fresh questions I have a responsibility to get answers to before I can authorize payment. We've always had the funds to pay you. Rather the payment delay has been a result of the billing questions raised with the billing of the scissor lift, and now the additional questions. These questions unanswered preclude me from, in good faith, authorizing payment to you in full. You will note I offered to make a partial payment to you on Wednesday, June 6, for \$5,000. An offer you refused writing, "No. I need it all in one check[.]"

Rather than go back and forth I'd like to sit down face to face at [redacted] with you and [redacted] and review later this evening so that we can come to close on the matter.

Are you available at 6 or 6:30pm to meet with [redacted] and I?

Cheers,

3/5/2019

Fri, Jun 15, 2018 at 2:50 PM

To: George Francisco <gianfrancisco@hotmail.com>

Cc: Keith Rice <keith.rice@lacity.org>

My understanding is that 100% of proceeds are going to the nonprofit Inner City Arts and their work supporting Venice High School's Arts Program. Additionally that they are supporting the park through fee and are open to supporting in additional ways as Keith see needed and that there is a clear no alcohol policy. Given that this is effectively a fundraiser and community block party we are fine with this event as long as Keith Rice approves.

Subject: Venice Mexican American Monument Project Proposal

December 10, 2018

Dear Sheila Kuehl,

Good day, my name is [REDACTED], and I am a Community Organizer in the West side of Los Angeles, in particular the Venice Community. I, with several members of the community, have formed a committee (The Venice Mexican and Mexican-American Monument Committee). We are asking for your support of Mexican/Mexican-American Traquero Monument which we are working to get placed at the Venice Windward Circle.

We want to create a Historic Monument that reflects the history of the Mexican and Mexican American Railroad Workers, known as "Traqueros" on the Westside and honor their work and influences that helped develop the main railroad transportation system. We want this monument to tell the story about our ancestors and the struggles they endured.

We want to conserve the Mexican American History in Venice, California and acknowledge the existence and contributions made by Mexicans and Mexican Americans. Gentrification on the Westside has had a tremendous impact in the Latino Community in the city of Venice and it is imperative that the Mexican American Community preserve its history.

Therefore, we are asking for your support in form of a letter supporting the Traquero Monument. This monument will help maintain our history and bring a cultural aspect to the existing space as well as beautifying the location.

Sincerely,

[REDACTED]
Community Organizer

Hey bud!

Good to see ya last night, thanks for coming by.

Just putting this in your inbox so you remember.

Please bring the cert for _____ to the VNC meeting on Tues - I plan to give it to him (or have you give it to him) during VP report

Also, please remember the cert for _____ so I can give it to him for Xmas
 Tanks!

Taylor Bazley <taylor.bazley@lacity.org>
 To: George Francisco <gianfrancisco@hotmail.com>

Fri, Dec 14, 2018 at 2:28 PM

I've got the _____ cert (it was just printed because there was some issue council graphic had originally) but I hadn't made one for _____ since he couldn't do the Holiday Sign lighting and you didn't mention doing something else special. I love the idea of honoring him though so while there won't be one for this coming Tuesday for him I can have one made for the January meeting. Do you want to do that?

George:

We share your concerns regarding the under use of Lot located at , in Venice. We have done pilot programs in the past opening the lot in the low season, but we had very low response. We have considered monthly parking and leasing of spaces but due to California Coastal Commission restrictions, we can only offer this programs in the low season or at night. If you know of businesses who can work with us under these restrictions please refer them to us.

The Department has audits and controls in place to check on the Parking Operator. If you have any information on specific irregularities, please let us know immediately.

Again that you for your concern. We are always striving to better serve the community.

Regards,

On Thu, Dec 13, 2018 at 2:52 PM George Francisco <gianfrancisco@hotmail.com> wrote:
Rauhman!

I hope this finds you well, sorry we missed you at the Sign Lighting, you guys are always on the house list when you make it to Venice.

I am reaching out today to see if we can focus on a longstanding and very troublesome issue in Venice. Specifically, I am referring to DOT Lot where the weekly Farmer's Market takes place and the annual Vintage Motorcycle rally.

I understand that Lot is designated as an overflow lot for beach parking; but we really, desperately need to open that lot to the public every day and allow local businesses to lease spaces there to mitigate their parking impacts and requirements.

The operators, Parking Concept and Modern Parking, are terrible, and I hazard to guess totally scamming in some way. The functional use of Lot for local business and visitor parking would also mitigate the homeless encampments that regularly utilize the empty lot.

Can you please help me figure out how to bring this important resource into use?
I am willing to even get the BID to take over management if necessary.

Beyond the functional, that Lot should make DOT WAY more money than it doe now empty.

Let me know if we can do something to benefit the neighborhood here.
Thanks so much, as always!

Thank you so much David.

I can sense your all's frustration as well and I am grateful for you ears....

Correct me if I am wrong, but it sounds like we need Coastal to allow this?

What is the process? Does staff just issue you a letter? Does it have to be voted on? Does the City need a CDP??

Please enlighten me - if it is all possible, I will carry all the water across the river to do legwork to change this typically wrongheaded Coastal restriction.

I can guarantee that the Chamber, the BID and the VNC would all issue letters of support and I am betting the CD11 will do the same happily.

Again, thanks.

I think the ask of Coastal needs to be crystallized; it at least isn't clear in these emails what the concept is. I had some ideas myself on a sort of residential permit option DOT is referencing, mainly that we might offer rates very similar to permit parking in districts as a way to sort of create permit parking in Venice for at least the neighbors close to that lot.

David, with the complaints about the operator, what is the opportunity to bring the contract back out for bid? I'm not committing that we want to do that, and, we would be very curious to understand our capacity to do so. If we can't do it now due to contract terms then when could we feasibly revisit this contract?

Thanks,
Taylor

Taylor -

From my perspective, the lot is basically empty all the time; I know your first-hand experience picking up refuse there, so I know you see the same thing I see. For me, it is a parking lot and fully functioning as a parking lot is of paramount importance. To that end, if your idea of a permit-esque plan would allow a contemporary, normal use of the land as a parking lot, then I think it would serve 3 purpose: 1. resident parking; 2. allow the commercial space to create a functional parking plan by leasing spaces as well as provide potential parking on the idea that someday Centennial Park usage becomes intensified and; 3. something that your boss is sure to love, it would provide an opportunity for safe parking for some car dwellers. (We can argue the relative issues with the details there, but nonetheless, I am trying to look at this waste of a resource in the most holistic sense.)

It seems like there is an opportunity to cover a variety of ground here which I would hope make it a more attractive option for Coastal and everyone involved.

Hey bud,

I know we chatted about it, but please forward draft legislation about the anti chain store ordinance on OFW as soon as you can as it is of interest to the Chamber

Gracias

G

Taylor Bazley <taylor.bazley@lacity.org>

Thu, Dec 13, 2018 at 10:21 AM

To: George Francisco <gianfrancisco@hotmail.com>

Cc:

Here it is!

The ordinance is a request for a report back on how we would do legislation to support locally owned institutions (restricting chain stores over a certain size). There are a few ways we could go with it so we want a good understanding of the strengths of the various routes this could take and especially their legal defensibility. There is mixed case law on these sorts of restrictions and anything we enacted we would of course want to make sure we can defend in the courts.

One note I would supply is that any of the methods we are looking at provide for exemptions at the Council's discretion - this means people should be reassured that we would not be closing our self off to businesses we may want but possibly have too many locations to be by right. If we set the limit at 11 locations for example and a small chain of 15 stores came around, made credible claims to be a good business (join the chamber, get active in the neighborhood, donate to the holiday sign lighting, etc.), and people generally wanted that business in Venice then we would be able to allow that. It would basically give you all, us, and the neighborhood some discretion on what large chains established in Venice.

I'm having an intern cross reference where cans should already be and then I will cross the remaining requests with those already planned for deployment - the remaining I will request. There will be another deployment in like a month so hopefully I can get more than a few of these locations services - no one else was prepared enough to have special requests for added locations.

Wed, Dec 5, 2018 at 5:01 PM

To: Taylor Bazley <taylor.bazley@lacity.org>

We have a map in progress/development now. I would estimate that we will be requesting somewhere around **30 cans**, give or take a few. Some new locations + some replacements (we have some with missing ken tops, and a few that are incredibly nasty to the point that they completely exceed our ability to clean them.)

If we can't get 30, we will prioritize them as needed.

[Q

Taylor Bazley <taylor.bazley@lacity.org>

Thu, Dec 6, 2018 at 11:37 AM

To: <

I should be able to get them repaired but replaced is a little harder so please make that distinction. 30 new cans won't happen so the prioritization is helpful; I can reasonably get something in the realm of 10-15 this deployment. There will be more deployments in the future though so we can work on remaining wish list cans.

-Taylor

[Quoted text hidden]

Thu, Dec 6, 2018 at 5:56 PM

Copy that. Will do.

[Quoted text hidden]

Thu, Dec 6, 2018 at 8:44 PM

To: Taylor Bazley <taylor.bazley@lacity.org>

The repairs fall into two categories:

Seriously nasty as *** (foul beyond hope)
Top/lid ripped off

Two quick ?s:

1) Are there "cleaning/sanitizing" options?

1) Can lids be replaced? (There seems to be a recent mini-spike in the lids being wrenched off)

Hey Bud -

Can you give me an email to Pilar Diaz, the Parks Commissioner.
I met her a couple of times, but her email keeps kicking back to me.

Happy to inform you why - short story - cel phone service sucks on OFW and at Venice Beach, during peak months it is basically zero.

I have a company that does distributed networks - zero cost no new construction - that basically provides a larger digital pipe so people can actually get cel service at Venice Beach. They do stuff from NFL stadiums to buildings like Sears Tower and Chrysler Building.

We met with Bob Davis when the company rep was in town months ago and Bob tried to spin us up to Alex Yee at RAPzero response.

So I figured I should go to the Commish I know as then at least the company (True Access Networks) can at least learn if there are suprvning deals (that provide no service) in place and begin an evaluation of what involvement would entail.

Truth in advertising, I have brought an ancillary company to Jean Holme and had multiple meetings about installing the same distributed network system through a large LA footprint. Jeanne and staff loved the idea; the adjunct company totally strung me along and punked me on a proposal...so once again, no good deed.

Anyway, this would just be for Venice Beach.
Any thoughts and help?

Also, this has nothing to do with the project that will excite you all, just also makes Venice Beach better.
Cheers
G

Rauhman -

Hope you are well my friend!

This is your heads up for the Lot Rental for the Sign Lighting on Dec 1, 2018. I want to reserve it from 6am-midnight.

CD11 is covering the costs this time, so am including Taylor her for approval, processing and all around good times!

See you there!

G

Hi George,

Thank you for following up on this event.

Okay, sounds great. Can you give us a quick description of how exactly you plan to use the lot so we have it in writing to create the permit.

Taylor, if the Council Office is covering the costs, shall we just create the permit under CD 11?

Looking forward to working with you both again.

Best Regards,

Rauhman LavergneManagement Assistant

You got it!
Does this cover it?

Lot will be used for loading/unloading of production vehicles and performers for the 7th annual Holiday Lighting of the Venice Sign.

Good Afternoon Taylor,

Attached is the contract for the specific use of Lot 1 Venice for the Venice Sign Lighting Event. Please review, sign and return to us at your earliest convenience. Let us know if you have any questions or concerns.

Please also order the signed GCP request form as follows:

The \$140.00 for Lost Meter Revenue goes to this account:

Fund
Department
Account

The \$168.32 for the Sign Posting and Administration Fee go to this account:

Fund
Department
Account

Total fees = \$308.32

I can also request a formal invoice from our Accounting group if you would like if the contract attached doesn't suffice.

Thank you,

Rauhman Lavergne

George,

Because this is a Council District sponsored event, we have already ordered the signs to keep everything on schedule. We will send you the work order number for the signs when we receive it which will be your ticket to have the event and makes the temporary "no parking" signs enforceable.

Best Regards,

Rauhman Lavergne

Hello,

Those should become available once I have the invoice. After I receive the Invoices I will place the order and it should be a bit of time thereafter for you to receive the CCP.

Thank you,
David D.

Good Afternoon Taylor,

Attached is the contract for the specific use of Lot _____ Venice for the Venice Sign Lighting Event. Please review, sign and return to us at your earliest convenience. Let us know if you have any questions or concerns.

Please also order the signed GCP request form as follows:

The \$140.00 for Lost Meter Revenue goes to this account:

Fund
Department
Account

The \$168.32 for the Sign Posting and Administration Fee go to this account:

Fund
Department
Account

Total fees = \$308.32

I can also request a formal invoice from our Accounting group if you would like if the contract attached doesn't suffice.

Thank you,

Rauhman Lavergne

Hi George,

Thank you for following up on this event.

Okay, sounds great. Can you give us a quick description of how exactly you plan to use the lot so we have it in writing to create the permit.

Taylor, if the Council Office is covering the costs, shall we just create the permit under CD 11?

Looking forward to working with you both again.

Hi Taylor,

Yes, removing the bikes from the station and storing them is option 3. I've included Hannah our Operations Manager who will coordinate the removal on Saturday.

Thanks,

Confirmed - we are assuming this cost. He made a stink about our reduced support and is getting us to pay for this and barricades in addition to our \$2.5k grant. Still a few thousand less than we spent last year but less than ideal.

-Taylor

Thanks for confirming Jessie! We will be removing the bikes at [redacted] and [redacted] by 4PM, and removing the station off our map from 4-10PM. I have a couple of operational questions for clarification, there is a chance that users will still ride up to the station.

- Will there be any kind of street closure or road blockage to prevent bike access?
- Are the event organizers okay if some bikes trickle in?
- Should we be monitoring the station to come and collect bikes if they show up; if this option, will our vehicle have an access point to the event?

- Will there be any kind of street closure or road blockage to prevent bike access? Access to the station will be limited because there will be non profit booths directly in front.
- Are the event organizers okay if some bikes trickle in? No - the bikes are removed to create space for the vendors.
- Should we be monitoring the station to come and collect bikes if they show up; if this option, will our vehicle have an access point to the event? Not necessary - if one or two bikes fit into the station in a way that didn't impact the vendors it isn't a big deal and would probably be more of a hassle to remove them. Taking the station offline and removing the bikes is more than sufficient. Vendors standing in front of the booth will probably informally regulate further.

Thanks Taylor!

Metro/BTS folks - Do we have printable hard copies of the station map? I wonder if having a couple on hand for the vendors might be helpful to hand out in case people show up and want to know where the nearest station is? If these exist already, we can print out.

Sounds great, yes we do have maps, however, we may be low stock in Venice, I know we are picking up some printed materials next week. Either way, we'll try to bring some at 4PM, and as a backup there is a station map on the kiosk, and the Metro Bike Share App also has our info.

Out of curiosity, what is the name of event? Also if there are any issues during the event, please direct your vendors to call our customer service number: (844) 857-BIKE (844-857-2453)

Thanks!

Hello,

Our operator has confirmed they will remove the bikes on Saturday, December 1st at 4:00 pm. They will also deactivate the station and take it off the public map.

The only challenge is that the field tech's shift ends at 10:00 pm so they will be on standby beginning at 9:30 to refill the station, otherwise they will return at 7:00 am on Sunday.

Thank you,

Sarah Hollis

Hi All:

It's been 2 months since my last email.
I'm sure by now we have a final number from the City for the permit fees.

The grant application will be for \$5000 less the City fees.

Please email the paperwork so we can get this in the system.

Thank you!!!

Hello Martha and Taylor,

Last time we touched basis on this we were missing 1 department's final costs. I reached out to Suzy once more to find out what the final status is on this. At this point we are at the 60 day mark, which there should be no reason to be waiting much longer on final costs from departments. I will update you both once Suzy gets back to us. In the meantime, who would like to reply to Donna?

Thank you,

-DD

Martha - Thank you so much for facilitating!

Jin: Attached please find Invoice #1907-0386 for the balance due by the City to help defray production costs for the 2017 Holiday Lighting of the Venice Sign. This balance was approved on 9/17/2018 noted in the letter dated 10/26/2018 that I received on 11/15/2018.

It would be nice if payment was received before the 2018 Holiday Sign Lighting event on Saturday, December 1.

I will also mail the original paperwork as required. However, I am hoping, given how long this process has taken, that you can use the attached documents to get started.

Please let me know if you have any questions or if additional information is required.
Thank you,

Subject: Re: PLEASE!!! Still waiting! - City Invoice 1808-0089 for 2017 Holiday Sign Lighting on 12/02 - Reimbursement of City Fees

To: Martha Garcia <martha.juarezgarcia@lacity.org>

Cc: Johana Moran <johana.moran@lacity.org>, nancy.aguilar@lacity.org, Taylor Bazley <taylor.bazley@lacity.org>, David Duran Flores <david.duranflores@lacity.org>, Suzy Vasquez <suzy.vasquez@lacity.org>

Hi All:

1. I understand now how you arrived at the **\$1132.48**. This is 50% of the full amount to be reimbursement through the special events subsidy. Thank you for explaining that to me!! **I am still waiting for the check. Please let me know when I can expect to receive it!**
2. Martha - thank you for letting me know that the balance due of **\$663.96** will come from GCP funds. Will I need to fill out ANOTHER invoice form? If so, to expedite, will you please email the form, rather than mailing because another 2 weeks will pass before I get it. I apologize for my frustration and I don't mean to sound unappreciative, however, it is now 8 months since we hosted this event and it would be really nice to be able to close the file on the 2017 Holiday Sign Lighting event.

BTW: We already received the \$500 back (see the below calculation). This was a refundable deposit. Therefore the balance due is the \$663.96 noted above. Also, I didn't include the \$34.16 that we paid - too small to warrant the trouble of including.

\$1,456.64 - Public Works special event fees (final/actual cost)
\$34.16 - LADOT special event fees
\$274.16 - LADOT special event fees
~~\$500.00~~ - LADOT special event fees
\$2,264.96

divided by 2 = \$1,132.48

3. Suzy: Thank you for the invoice form I received in the mail for the refund. However, for \$65.00, I am not going to take the time to fill out another form, and then follow it up with several emails to find out when I'm getting the refund. Consider this a donation from the Chamber.

I look forward to receiving your update.

Kind Regards,

CEO - Venice Chamber of Commerce

Hi

Council District 11 will provide 100% reimbursement for this event, 50% of the reimbursement will go through Special Events Subsidy and the rest will be paid via GCP funds, please do not worry.

Johana & Suzy: Can you kindly provide the numbers once the 50% is paid via Special Events Subsidy so we can process this remainder via GCP funds asap?

Donna: please note Suzy is a new addition to PW/BSS and is phenomenal and following this procedure and hoping new processes happen as the current one is out of control and also once we turn into the City Clerk's office it is out of our hands but with Suzy now things have been much much smoother and we will check in with her to see which way would be the easiest for this coming Year's Holiday Sign Lighting to avoid this from happening again.

Thank you all!

Johana:

> wrote:

Thank you for your prompt response.

The Venice Chamber greatly appreciates our partnership with the City and with CD11. For the past 6 years we have worked together to produce the Holiday Lighting of the Venice Sign, an event that brings the community together in celebration.

Historically, our partnership for this event involved the City providing the stage as well as tables & chairs for the exhibits. The City arranged for the street closure. The Chamber has been responsible for the event production, neighborhood beautification, and promotion.

Shortly before the 2017 event, we were notified that there would be a change in procedure, and that the Chamber would need to advance the money to cover what was previously covered by the City. As we understood it, the City would then provide the funding in the form of an event grant (received!), and the City would also reimburse the full amount of the BSS and DOT fees.

So you can see why I am a bit confused with the "special event subsidy" calculated at 50%, as it was my understanding that this was to be a reimbursement, not a subsidy.

Taylor, as you know, we have provided full documentation for the amount due of \$1796.44 (BSS \$1522.28 - paid - actual is 1456.64 (refund on the way for the over payment) and the DOT \$274.16 - revised total due is \$1730.80.

Please let me know what I am missing here?

Thank you as always for your support and assistance.

Kind Regards,

CEO - Venice Chamber of Commerce
O:

On Tue, Jun 19, 2018 at 10:18 AM, Johana Moran <johana.moran@lacity.org> wrote:
Hello !

The special event fee subsidy calculated at 50% of the total cost (with the exception of block parties and certified farmers markets). The total cost of the event was determined to be \$2,264.96 and the subsidy amount is \$1,132.48 (50% of \$2,264.96). Additionally, it appears that you are owed a refund from the Department of Public Works (invoice attached). This is how the total costs were calculated:

\$1,456.64 - Public Works special event fees (final/actual cost)
\$34.16 - LADOT special event fees
\$274.16 - LADOT special event fees
~~\$500.00~~ - LADOT special event fees
\$2,264.96

divided by 2 = \$1,132.48

On Tue, Jun 19, 2018 at 8:29 AM, Johana Moran <johana.moran@lacity.org> wrote:
Hello

I will look into the status of this allocation and the calculation behind the amount approved. The City is closing the books on this fiscal year and payment processing is on hold until the first week in July.

Subject: City Invoice 1808-0089 for 2017 Holiday Sign Lighting on 12/02 - Reimbursement of City Fees
To: Martha Garcia <martha.iaurezgarcia@lacity.org>, Taylor Bazley <taylor.bazley@lacity.org>, David Duran <david.j.duran@lacity.org>
Cc:

Martha/Taylor:

Attached please find the completed invoice form from the City Clerk's office, #1808-0089.

I want to call your attention, however, to what I believe to be a typo in the approved amount of \$1132.48, as noted in the included letter dated 4/02/2018 (page 2 of the attached invoice).

Referring to the attached:

- Check #2162 to DOT - \$274.16
- Check #2164 to BSS - \$1522.28

The total for the reimbursement should be \$1796.44.

It was the Chamber's understanding that Councilman Bonin had pledged to reimburse the City fees paid to DOT and BSS in 2017, rather than covering the fees, as was the practice for the 5 prior events for the holiday lighting of the Venice Sign.

On behalf of the Venice Chamber, Daniel Samakow the event founder, and George Francisco, VCC president and event producer, we are grateful for Councilman Bonin's continuing partnership in supporting a holiday tradition that brings the Venice community together in celebration.

I hope you can help clear this up so the check can be processed as soon as possible.

Kind Regards,

CEO - Venice Chamber of Commerce

Good Afternoon Taylor,

Attached is the contract for the specific use of Lot 761 in Venice for the Venice Sign Lighting Event. Please review, sign and return to us at your earliest convenience. Let us know if you have any questions or concerns.

Please also order the signed GCP request form as follows:

The \$140.00 for Lost Meter Revenue goes to this account:

Fund 363
Department 94
Account 449400

The \$168.32 for the Sign Posting and Administration Fee go to this account:

Fund 363
Department 94
Account 51880T

Total fees = \$308.32

I can also request a formal invoice from our Accounting group if you would like if the contract attached doesn't suffice.

Thank you,

Rauhman Lavergne
Management Assistant
Parking Facilities Division

Hi

Thank you for following up on this event.

Okay, sounds great. Can you give us a quick description of how exactly you plan to use the lot so we have it in writing to create the permit.

Taylor, if the Council Office is covering the costs, shall we just create the permit under CD 11?

Looking forward to working with you both again.

Hi

Thank you for following up on this event.

Okay, sounds great. Can you give us a quick description of how exactly you plan to use the lot so we have it in writing to create the permit.

Taylor, if the Council Office is covering the costs, shall we just create the permit under CD 11?

Looking forward to working with you both again.

Good Morning,

Attached is the work order # for the temporary "no parking" signs. This is the number you will need to reference to parking enforcement should anyone be parked on the lot during your event. Please be advised, this is not a bill, the fees were already included in the total. As soon as we get the contract back from the City Attorneys office, we will send it to you as well. Please let us know if you have any questions or concerns.

Best Regards,

Rauhman Lavergne
Management Assistant
Parking Facilities Division

Cc: Johana Moran <johana.moran@lacity.org>, nancy.aquilar@lacity.org, Taylor Bazley <taylor.bazley@lacity.org>, David Duran Flores <david.duranflores@lacity.org>, Suzy Vasquez <suzy.vasquez@lacity.org>

Hi All:

1. I understand now how you arrived at the **\$1132.48**. This is 50% of the full amount to be reimbursement through the special events subsidy. Thank you for explaining that to me!! **I am still waiting for the check. Please let me know when I can expect to receive it!**

2. Martha - thank you for letting me know that the balance due of **\$663.96** will come from GCP funds. Will I need to fill out ANOTHER invoice form? If so, to expedite, will you please email the form, rather than mailing because another 2 weeks will pass before I get it. I apologize for my frustration and I don't mean to sound unappreciative, however, it is now 8 months since we hosted this event and it would be really nice to be able to close the file on the 2017 Holiday Sign Lighting event.

BTW: We already received the \$500 back (see the below calculation). This was a refundable deposit. Therefore the balance due is the \$663.96 noted above. Also, I didn't include the \$34.16 that we paid - too small to warrant the trouble of including.

\$1,456.64 - Public Works special event fees (final/actual cost)
\$34.16 - LADOT special event fees
\$274.16 - LADOT special event fees
~~\$500.00 - LADOT special event fees~~
\$2,264.96

divided by 2 = \$1,132.48

3. Suzy: Thank you for the invoice form I received in the mail for the refund. However, for \$65.00, I am not going to take the time to fill out another form, and then follow it up with several emails to find out when I'm getting the refund. Consider this a donation from the Chamber.

I look forward to receiving your update.

Kind Regards,

CEO - Venice Chamber of Commerce

On Thu, Jun 21, 2018 at 10:50 AM Martha Juarez-Garcia <martha.juarezgarcia@lacity.org> wrote:
Hi

Council District 11 will provide 100% reimbursement for this event, 50% of the reimbursement will go through Special Events Subsidy and the rest will be paid via GCP funds, please do not worry.

Johana & Suzy: Can you kindly provide the numbers once the 50% is paid via Special Events Subsidy so we can process this remainder via GCP funds asap?

Donna: please note Suzy is a new addition to PW/BSS and is phenomenal and following this procedure and hoping new processes happen as the current one is out of control and also once we turn into the City Clerk's office it is out of our hands but with Suzy now things have been much much smoother and we will check in with her to see which way would be the easiest for this coming Year's Holiday Sign Lighting to avoid this from happening again.

Thank you all!

-martha

wrote:

Thank you for your prompt response.

The Venice Chamber greatly appreciates our partnership with the City and with CD11. For the past 6 years we have worked together to produce the Holiday Lighting of the Venice Sign, an event that brings the community together in celebration.

Historically, our partnership for this event involved the City providing the stage as well as tables & chairs for the exhibits. The City arranged for the street closure. The Chamber has been responsible for the event production, neighborhood beautification, and promotion.

Shortly before the 2017 event, we were notified that there would be a change in procedure, and that the Chamber would need to advance the money to cover what was previously covered by the City. As we understood it, the City would then provide the funding in the form of an event grant (received!), and the City would also reimburse the full amount of the BSS and DOT fees.

So you can see why I am a bit confused with the "special event subsidy" calculated at 50%, as it was my understanding that this was to be a reimbursement, not a subsidy.

Taylor, as you know, we have provided full documentation for the amount due of \$1796.44 (BSS \$1522.28 - paid - actual is 1456.64 (refund on the way for the over payment) and the DOT \$274.16 - revised total due is \$1730.80.

Please let me know what I am missing here?

Thank you as always for your support and assistance.

Kind Regards,

CEO - Venice Chamber of Commerce

Hello

The special event fee subsidy calculated at 50% of the total cost (with the exception of block parties and certified farmers markets). The total cost of the event was determined to be \$2,264.96 and the subsidy amount is \$1,132.48 (50% of \$2,264.96). Additionally, it appears that you are owed a refund from the Department of Public Works (invoice attached). This is how the total costs were calculated:

\$1,456.64 - Public Works special event fees (final/actual cost)
\$34.16 - LADOT special event fees
\$274.16 - LADOT special event fees
\$500.00 - LADOT special event fees
\$2,264.96

divided by 2 = \$1,132.48

Why has the reimbursement for City fees taken 8 months? It also looks like GCP transfer has taken that long? We have kind of shot ourselves in the foot on this one because it is no longer a gift we are giving but a massive irritant...

If GCP transfers take this long then i'm not sure how we can move to a grant model for special event funding because every organization we give a grant to will end up getting annoyed that it takes 8+ months with monthly follow-ups to actually receive. Is there any way we can streamline this? Maybe start on the GCP transfer way in advance for at least these big regular events we know we will sponsor?

Hi Taylor,

For this one i also wanted to let you know that because Donna actually wrote other items back on a form sent to her, this caused additional delays which are clearly showing up. If she had not done any changes, there would not have been any clarifications and second & third revisions.

Donna will have to wait and see as the final revision was turned in earlier this week (of number I forget what). From this point it will still be another 30 to 60 days, given that its a slow and painful process (all over).

Best,
-DD

Hello

The special event fee subsidy calculated at 50% of the total cost (with the exception of block parties and certified farmers markets). The total cost of the event was determined to be \$2,264.96 and the subsidy amount is \$1,132.48 (50% of \$2,264.96). Additionally, it appears that you are owed a refund from the Department of Public Works (invoice attached). This is how the total costs were calculated:

\$1,456.64 - Public Works special event fees (final/actual cost)
\$34.16 - LADOT special event fees
\$274.16 - LADOT special event fees
~~\$500.00~~ - LADOT special event fees
\$2,264.96

divided by 2 = \$1,132.48

Good Morning Johana,

The attached Street Services final invoice shows a refund of \$65.64 being owed to the Venice Chamber of Commerce (payee). It was on "hold", pending Avak's response as to what would I made clear what "other fees" were added, but not included on the BSS invoice. (see original email):

Suzy Vasquez <suzy.vasquez@lacity.org>

to Avak, Martha, Paul, Manuel

Avak,

going back to yesterday's message. I'm curious, WHAT other "permit fees" does Council add to the invoice/event? Here's a screenshot of your message. 1

Avak Sarafian

to Paul, me, Martha

Good Morning Suzy

Our Office has received instructions from Council District 11 to pay \$1165.30 to Venice Chamber of Commerce as a special event fee subsidy. This amount includes other permit fees Relative to payments to outside organizations, our Office takes special care to ensure that the subsidy amount is correct so that it is based on what the organization actually paid to the

Even though you provided more current payment information in your email message, the Public Works invoice for 20171880-2017 that we have is outdated and does not show that the City and neither does it show the actual / final amount. We need this document to show the Controller when making payment.

It sounds like Venice Chamber of Commerce should be receiving 50% of 1456.64 from Council's special event fee subsidy account relative to the PW portion

Therefore, please forward the most recent Public Works Invoice for event #20171880-2017 that also includes the actual / final cost of the event and shows the \$1522.2

Thanks,
Avak S.

4 recipients have read this message

Whatever allocations CD11 has agreed to pay, it seems that this will be sent directly to the payee (Venice Chamber of Commerce), is this correct? Please let me know, so I can move forward for the 2017 event.

In the past, I have asked that all subsidies be paid to BSS, so that WE have a record of payment/refunds. Often times Event Applicants question the whereabouts of their refund, but the paper Clerk. If this is something that can be done, moving forward, it would help clear up confusion on all parts. (IE: #1 - If a subsidy is paid directly to applicant, BSS will not know that the event has a note in the portal, that the event is to be subsidized, but never know if it's actually paid & will continue to send invoices. #2 - If the paperwork is done directly from City Clerk to Applicant information when the applicant asks the status).

Is this possible, to advise all Council's to submit the paperwork, for payment to be processed and transferred to PW/BSS fund? I thought this was already being done, however there are still

I will start the refund packet now. At your earliest convenience, please call me at my desk: 213-847-6228. I have some questions on who to address the packet to.

Hello Suzy,

That is correct, please continue processing the refund of \$65.64. "Other fees" referred to fees paid to LADOT, it had nothing to do with BSS. I believe that Paul Smith at the CLA's Office is trying to coordinate a better method of communication between the Council Districts and BSS.

Best,

Johana

Johana:

Thank you for your prompt response.

The Venice Chamber greatly appreciates our partnership with the City and with CD11. For the past 6 years we have worked together to produce the Holiday Lighting of the Venice Sign, an event that brings the community together in celebration.

Historically, our partnership for this event involved the City providing the stage as well as tables & chairs for the exhibits. The City arranged for the street closure. The Chamber has been responsible for the event production, neighborhood beautification, and promotion.

Shortly before the 2017 event, we were notified that there would be a change in procedure, and that the Chamber would need to advance the money to cover what was previously covered by the City. As we understood it, the City would then provide the funding in the form of an event grant (received!), and the City would also reimburse the full amount of the BSS and DOT fees.

So you can see why I am a bit confused with the "special event subsidy" calculated at 50%, as it was my understanding that this was to be a reimbursement, not a subsidy.

Taylor, as you know, we have provided full documentation for the amount due of \$1796.44 (BSS \$1522.28 - paid - actual is 1456.64 (refund on the way for the over payment) and the DOT \$274.16 - revised total due is \$1730.80.

Please let me know what I am missing here?

Thank you as always for your support and assistance.

Kind Regards,

Hi

Council District 11 will provide 100% reimbursement for this event, 50% of the reimbursement will go through Special Events Subsidy and the rest will be paid via GCP funds, please do not worry.

Johana & Suzy: Can you kindly provide the numbers once the 50% is paid via Special Events Subsidy so we can process this remainder via GCP funds asap?

please note Suzy is a new addition to PW/BSS and is phenomenal and following this procedure and hoping new processes happen as the current one is out of control and also once we turn into the City Clerk's office it is out of our hands but with Suzy now things have been much much smoother and we will check in with her to see which way would be the easiest for this coming Year's Holiday Sign Lighting to avoid this from happening again.

Thank you all!

-martha

grid entry - please do not add all of this on the grid - only the following and topic should be Short Term Rentals

- Grandfathering in existing hosts like myself who are home-sharing in properties we own but that may fall under the RSO
- No cap on hosted homes or a fair process that doesn't involved excessive fees for exceeding the cap. \$1,200 plus a 10% charge on each reservation is excessive.
- Consideration for vacation homes and homes where the owner lives for only part of the year
- Consideration for property managers who aren't necessarily owners themselves but make a living working for multiple home owners (Airbnb accounts with multiple listings are usually property managers who list for multiple owners—I know that some of the enforcement systems other cities use make their operating even within the rules very difficult.)

Subject: Am I a Bad Actor? Can we meet to discuss?

Dear Councilman Bonin,

It was nice seeing you at Rainbow Acres last week; hope you got through those budgets! It's actually quite synchronistic, as I've have been wanting to reach out to you about the proposed short-term rental regulations.

I'm grateful for your service, and I've always appreciated your encouragement and support of our organization. It was three years ago this past weekend that Brendon Glenn was killed in an officer-involved shooting near the Venice Boardwalk and it will be three years ago this week that the "kombucha raid" occurred at Full Circle. Thank you for reaching out to consult during those confusing times.

As a constituent and someone who has enjoyed your support in the past, I want to let you know how these new short-term rental regulations would impact myself, my family, and the futures of many who I work with. I have not been very public about this, but I am an Airbnb host at the property I own, and it's actually because of Airbnb that we were able to operate Full Circle for 3 years. During our tenancy at the Rose Temple, we had two Airbnb units that helped us cover our monthly rent when the new owners, BLT Enterprises, doubled it to nearly \$15,000. Even with that, the developers were more concerned about selling the Rose Temple for a 2-million-dollar profit after just 2 years, than allowing us to continue serving our community and ultimately we had to shut down.

In 2004, I purchased a two-level, 3-unit building near the beach just south of the Venice Pier. I live at the property and have rented out my other units. I enjoyed being a landlord, and had long-term tenants there for many years. In the late 00's several issues piled up including the 2 strikes in the entertainment industry, and unbeknownst to me, I was in a predatory loan. Then of course, the crash in 2008 happened. I suddenly found myself owing nearly double my original payment without a stable income. I was able to get by for a few years sharing my own home space with roommates, but eventually I fell behind on my mortgage payments and filed a lawsuit against my bank. As my long-term tenants moved out on their own accord, and with uncertainty around how long I would have my building, I shifted to short-term rentals. I've shared my own space with travelers from all over the world and have become friends with so many amazing people. That income allowed me to stay afloat financially as I filed litigation against my original lender and sought ways to keep my property. Last March, after 7 years of monthly threats of foreclosure, I was finally granted a loan modification based largely on my short-term rentals. My mortgage payment is still much higher than it was originally, but I've been able to make ends meet. Most importantly, I've been able to provide our family a home and stable life.

I've read a lot of your quotes about "bad" short-term operators and "good" short-term operators. I agree that there are some bad actors involved with short-term rentals, and I am thankful that you and others are addressing the issues of abuse in home sharing. I find the Ellison operation to be an overreach of greed! Home-sharing should be a mechanism for the working and middle class to get head. Frankly, the commercial operators have given "the little guys" like me a bad

name. The party houses and homes that aren't hosted, monitored, or supervised have created headaches for neighbors. That sort of negligence has no place in our city.

However, under the proposed ordinance people like me with a small business would be shut out of the sharing economy. My building falls under the rent-stabilization ordinance, and if I understand correctly, I would be disallowed from any short-term rentals. Simply put, it would be devastating to our business and livelihood. I understand your desire to see more rental units on the market, but my property even as a long-term rental would never be an "affordable" unit due to its proximity to the beach. With the goal of more affordable housing on the market largely driving this ordinance, my unit would likely make no difference. Without being able to continue short-term rentals though, I would be in jeopardy of again falling behind on bills and could lose my building and home.

Another aspect I wanted to bring to your attention is the difference between commercial operators who have taken over places like the Ellison and people like myself who are property managers and essentially operate as a small community building business. In addition to the rentals I have at my own building, myself and my business partner, Jason Dilts, currently manage a handful of units for a few other property owners who had similar financial situations and were in need of extra income. Some are vacation homes near the beach, but most are primary residents or owner-occupied part of the year and short-term rented when the owner is traveling on long-term business. We have hosted thousands of travelers and have never had a significant problem because we are extremely involved with every step of the process. We also work with neighbors to ensure that everyone feels safe and has a comfortable experience.

The property management has allowed Jason and I to earn a living wage doing honest work. We've also been able to pay our cleaners very well, and they've used that money to help send their son to college. Our maintenance man is a disabled Iraq War veteran (PTSD) who gets by on the income he earns from doing work at our units and those owned or managed by others. If this ordinance passes as drafted, we will all be significantly harmed. The economic crash dealt my generation a serious blow, and it's only through the gig-economy that many of us have found a path and started to make a fair living.

As an aside, I have another matter compounding that's adding to the economic anxiety. As a matter of principle after the kombucha raid, we took a step to file 2 defamation lawsuits against AEG and NEWSMAX for the inaccurate and defamatory headlines: "Andrew Keegan arrested for selling illegal substance at this temple." We battled them on how they conducted their business as a pay-per-click model, and we were successful in shutting down Examiner.com while exposing a lucrative, but neglectful form journalism for all online sites. Unfortunately, the court system is a challenging place to go up against entities like AEG, and we knew it was a very difficult defamation case because I'm a public figure. After 2 years and hundreds of thousands of dollars in lawyer fees, the efforts resulted in 2 judgments against me in excess of \$100k that I will have to pay in the coming years. I'm sure you can understand my concern around not having a steady income with that hanging over me.

I am hoping that my story sheds an additional perspective on short term rentals. Referencing the subject of this e-mail and the sentiment of some of your own words on the matter, I am curious to know if you think I am a "Bad Actor?" If I'm not, then do we really deserve to be shut down yet again?

Moving toward solutions, I understand the need for regulations. I fully support efforts to reign in commercial operators who are displacing tenants. That's not what myself and many other home owners and property managers are doing, though. I know that your intention is not to cause economic hardship to your constituents. That's why I am hopeful that you will work with us to

ensure this ordinance doesn't harm the very people you are trying to help. Specifically, we'd like to speak with you about the following:

- Grandfathering in existing hosts like myself who are home-sharing in properties we own but that may fall under the RSO
- No cap on hosted homes or a fair process that doesn't involve excessive fees for exceeding the cap. \$1,200 plus a 10% charge on each reservation is excessive.
- Consideration for vacation homes and homes where the owner lives for only part of the year
- Consideration for property managers who aren't necessarily owners themselves but make a living working for multiple home owners (Airbnb accounts with multiple listings are usually property managers who list for multiple owners—I know that some of the enforcement systems other cities use make their operating even within the rules very difficult.)

Myself and Jason and others would like to meet with you soon to discuss some of these intricacies and see how we can be helpful in the crafting of an ordinance that's a win for everyone. Jason actually worked at Liberty Hill for several years before coming to work full time at Full Circle and now he helps me run the Airbnb rentals. We very much see home-sharing as a social justice issue, a by-product of the economic crash that's allowed many in the middle class to survive in uncertain times. I understand that it's a complex issue, and I know that you are well-intentioned. I am hopeful that we can find solutions that will address the most serious concerns hosts like myself currently have. **Please let me know when we can meet?** I am very grateful for your time and consideration and hope that we can be proactive rather than reactionary to how these issues are handled.

Wishing you and your family a wonderful week!

Subject: City Invoice 1808-0089 for 2017 Holiday Sign Lighting on 12/02 - Reimbursement of City Fees

To: Martha Garcia <martha.juarezgarcia@lacity.org>, Taylor Bazley <taylor.bazley@lacity.org>, David Duran <david.j.duran@lacity.org>

Cc:

Martha/Taylor:

Attached please find the completed invoice form from the City Clerk's office, #1808-0089.

I want to call your attention, however, to what I believe to be a typo in the approved amount of \$1132.48, as noted in the included letter dated 4/02/2018 (page 2 of the attached invoice).

Referring to the attached:

- Check #2162 to DOT - \$274.16
- Check #2164 to BSS - \$1522.28

The total for the reimbursement should be \$1796.44.

It was the Chamber's understanding that Councilman Bonin had pledged to reimburse the City fees paid to DOT and BSS in 2017, rather than covering the fees, as was the practice for the 5 prior events for the holiday lighting of the Venice Sign.

On behalf of the Venice Chamber, Daniel Samakow the event founder, and George Francisco, VCC president and event producer, we are grateful for Councilman Bonin's continuing partnership in supporting a holiday tradition that brings the Venice community together in celebration.

I hope you can help clear this up so the check can be processed as soon as possible.

Kind Regards,

CEO - Venice Chamber of Commerce
